

Dr. Henna Kalsi
Medical Director and Founder
of JRK Medical Center.

Dr. Henna Kalsi completed her Vascular Medicine Fellowship at Mayo Clinic and Cleveland Clinic. She served as a Faculty in Division of Cardiovascular Medicine and practiced Vascular Medicine at Mayo Clinic for ten years. She is certified by American Board of Vascular Medicine and American Board of Internal Medicine. Has over 20 years experience in Venous Disease and Vascular Medicine. Her interests are Venous Disease, Vascular Ultrasound, Vascular Aesthetics and Wound Care. Published extensively in several Peer reviewed Journals, Book chapters and speaker at National and international scientific meetings. She is passionate about developing Novel treatments for patients with arterial and venous disease.

"I want to practice Medicine the old fashioned way, where it is easy for the patients to see their providers without long delays for simple answers and treatments."

"I have made Rochester Minnesota home for the last 14 years and committed to serving the Rochester Community and Southeast Minnesota."
